READ & KELLEY
Estate Services LLC

Clifford and Geneve Copp
827 Perrine Court
Marco Island, FL 34145

September 26, 2013

Dear Mr. and Mrs. Copp,

As you requested, Read & Kelley Estate Services, LLC conducted a summary appraisal of personal property on September 25, 2013, at 827 Perrine Court, Marco Island, Florida. It is understood that the property belongs to you and you were present during the inspection. Values are effective as of the date of inspection, and this report consists of eight pages.

The object of this appraisal was to determine Fair Market Value for use by the United States Bankruptcy Court in the administration of this case. Any other use renders this appraisal null and void. Values stated do not reflect any expenses that may be incurred should these items be sold, such as advertising costs or selling commissions.

This report is intended for use only by you, our client, and the United States Bankruptcy Court. Use of this report by others is not intended, nor is this report an indication of, or a certificate of title or ownership. The identification of the interest of the party(ies) involved is simply that represented to the appraiser by such party and no inquiry or investigation will be made nor is any opinion to be given as to the truth of such representation. If this report is reproduced, copied, or otherwise used, it must be done so in its entirety including the cover document and all attachments.

The appraisal report has been structured to comply with the Internal Revenue Code pertaining to Bankruptcy. The definition of Fair Market Value as set forth in that section of the Code is as follows: "The highest price in terms of money which a property would bring in a competitive and open market under conditions requisite to a fair sale, the buyer and seller, each acting prudently, knowledgeably, and assuming the price is not affected by undue stimulus."

In this appraisal, value has been established by the market data approach. This method of valuation involves comparison of the property with similar items which have sold within the market that considered most common for each item. Markets considered and the recent sales prices reviewed for items comparable to those listed include but are not limited to, auctions, used furniture stores, used electronic and appliance stores, yard sales, flea markets, pawn shops, internet on-line sales and auctions, personal observation, recognized price guides, daily scrap price indexes, classified advertisements as well as reviewed sales by dealers and retailers.

Post Office Box 3111, North Fort Myers, FL 33918

Market analysis appears normal for this time of year. Because quality, condition, desirability and obsolescence affect the appropriate market where items could be purchased by the public, different markets may have considered for different items of property.

All information concerning this report is regarded as confidential. Read & Kelley Estate Services, LLC will retain a copy of this document for no less than 24 months, however, any digital photographs taken will not be kept. Furthermore, we will not allow others to have access to this report unless ordered to do so by a court of law or in the event that the Trustee in your case requests a copy.

In general the condition of the items was good. Any further alterations are so noted in the appraisal report. This appraisal is based on readily apparent identity of the items appraised, and any electronic or mechanical devices or equipment is assumed to be in good working order unless otherwise noted. It is understood that in the appraisal and valuation of motorized vehicles for the purpose of bankruptcy, Read & Kelley Estates Services, LLC are bound by the requirements as to the determination of value of the persons or entities to whom the report ultimately goes. Furthermore, unless confirmed scientific proof is presented to this appraiser, no value assumptions will be considered regarding mold damage or Chinese drywall damage not visible to the naked eye. Any value assessments that were based solely or in part on information given to the appraiser while on site may or may not be accurate depending on the validity of the information provided.

All wood designations are based only on visual examination without benefit of laboratory analysis, which is necessary for conclusive identification. Therefore, all stated wood identities and associated values are conditional on an "appears to be" basis. Furthermore, no employee associated with Read & Kelley Estate Services, LLC represents themselves to be a certified Fine Art Appraiser or function as, authenticators, and all framed art work, prints, posters and picture values are based only on superficial visual examination. In the evaluation of antiques, artwork, or collectibles, any items lacking Proof of Authenticity papers will be valued accordingly. None were removed from their frames for verification or authentication which is necessary for conclusive identification. Therefore, all stated art identities and associated values are conditional on an "appears to be" basis within the parameters of our experience.

No employee associated with Read & Kelley Estate Services, LLC in any way represents themselves to be a certified gemologist and any & all jewelry values stated are based on secondary market estimates. Furthermore gemstones are not removed from their settings to be precisely measured and all size measurements are approximate. Jewelry values in this appraisal may be based on readily apparent identity of the items appraised and some stated identities are based only on the reliability of the MIZAR Diamond Tech Pro diamond tester and/ or the Acculab brand scale that I carry to determine weight and authenticity. Items of jewelry stamped as 10, 14 or 18 K gold are accepted as such, other items are tested with acid and results are only as reliable as the acid test provides. Gold and / or silver values may be based in full or part on spot prices from the date the items were researched.

The values expressed herein are based on the appraisers best judgment and opinion and are not a warranty that the items will realize those values if offered for sale. The values expressed are based on current information on the date the appraisal was made. No opinion is expressed as to any past or future values.

APPROACH TO VALUE

The Market Comparison Approach:

The market comparison approach compares and contrasts the property under appraisal with recent offerings and sales of similar property. This approach is usually the most appropriate valuation approach used in determining value for property. It is the most common method used to estimate the value of personal, portable, tangible property. By definition, this approach should result in the most accurate representation of fair market value. The basis of this approach is that the estimated value of the property is best determined by gathering market data on previous transactions where identical assets have changed hands and then applying the previous transactions to the property presently being appraised.

The Income or Revenue Approach:

To use the income approach to value, an appraiser treats the property as an investment entity, on the basis that the value of an asset is equal to the present value of the future financial benefits that will accrue to the owner of that asset. Certain classes of property have potential earning power that can be forecast, based on previous earnings of the property sold to buyers on the open market. This approach requires a forecast of both future revenues and expenses, on which to calculate a projected level of net income. The ratio of net income to present value reflects the level of risk inherent in the venture.

The Cost Approach:

To use the cost approach to value, an appraiser uses today's replacement cost of equivalent or identical property as a basis for evaluation. This is the cost to replace the asset with another of similar age, quality, origin, appearance, provenance, and condition, within a reasonable length of time in an appropriate market. In using this approach, the appraiser reasons that the value of an asset is equal to the amount required to produce another desirable asset of at least equal amount and quality. This approach involves the cost of reproduction, independent of the benefit of having the original asset at hand. Appraisal Definitions

Fair Market Value:

is the highest amount expressed in terms of money, as of a certain date, that may reasonably be expected to exchange between a willing buyer and a willing seller, with equity to both, neither under any compulsion to buy or sell, and both fully aware of all relevant facts.

Fair Market Value In Use:

is the amount expressed in terms of money, as of a certain date, that may reasonably be expected to exchange between a willing buyer and a willing seller, with equity to both, neither under any compulsion to buy or sell, and both fully aware of all relevant facts. It further includes installation, as of a specific date, and assuming that the earnings support the value reported.

Orderly Liquidation Value or Dealer Value:

is the amount of gross proceeds which could be expected from the sale of the appraised assets, held under orderly sale conditions, given a reasonable period of time in which to find a purchaser(s) considering a completed sale of all assets, "as is and where is," with the buyer assuming all costs of removal, with all sales made free and clear of all liens and encumbrances, with the seller acting under compulsion.

Forced Liquidation Value or Auction Value:

is the estimated gross dollar amount which could be typically realized at a properly advertised and conducted public auction held under forced sale conditions, with a sense of urgency, and under present day economic conditions.

Depreciated Replacement Cost is the replacement cost of an item less accrued depreciation.

Reproduction Cost New:

is the cost, at today's prices, to build an exact replica of the property being valued. It assumes that the same quantity and quality of material and labor is utilized as when the property was actually built.

Salvage Value:

is the expected residual value of an asset at the end of its economic life.

Scrap Value:

is the amount that may be realized if property is sold for its material content, as opposed to further productive use.

STATEMENT OF FINANCIAL AFFAIRS

This statement is to be completed by every debtor. Spouses filing a joint petition may file a single statement on which the information for both spouses is combined. If the case is filed under chapter 12 or chapter 13, a married debtor must furnish information for both spouses whether or not a joint petition is filed, unless the spouses are separated and a joint petition is not filed. An individual debtor engaged in business as a sole proprietor, partner, family farmer, or self-employed professional, should provide the information requested on this statement concerning all such activities as well as the individual's personal affairs. To indicate payments, transfers and the like to minor children, state the child's initials and the name and address of the child's parent or guardian, such as "A.B., a minor child, by John Doe, guardian." Do not disclose the child's name. See, 11 U.S.C. § 112; Fed. R. Bankr. P. 1007(m).

**UNITED STATES BANKRUPTCY COURT
MIDDLE DISTRICT OF FLORIDA
NOTICE TO CONSUMER DEBTOR(S) UNDER § 342(b)
OF THE BANKRUPTCY CODE**

In accordance with § 342(b) of the Bankruptcy Code, this notice to individuals with primarily consumer debts: (1) Describes briefly the services available from credit counseling services; (2) Describes briefly the purposes, benefits and costs of the four types of bankruptcy proceedings you may commence; and (3) Informs you about bankruptcy crimes and notifies you that the Attorney General may examine all information you supply in connection with a bankruptcy case.

You are cautioned that bankruptcy law is complicated and not easily described. Thus, you may wish to seek the advice of an attorney to learn of your rights and responsibilities should you decide to file a petition. Court employees cannot give you legal advice.

Notices from the bankruptcy court are sent to the mailing address you list on your bankruptcy petition. In order to ensure that you receive information about events concerning your case, Bankruptcy Rule 4002 requires that you notify the court of any changes in your address. If you are filing a **joint case** (a single bankruptcy case for two individuals married to each other), and each spouse lists the same mailing address on the bankruptcy petition, you and your spouse will generally receive a single copy of each notice mailed from the bankruptcy court in a jointly-addressed envelope, unless you file a statement with the court requesting that each spouse receive a separate copy of all notices.

1. Services Available from Credit Counseling Agencies

With limited exceptions, § 109(h) of the Bankruptcy Code requires that all individual debtors who file for bankruptcy relief on or after October 17, 2005, receive a briefing that outlines the available opportunities for credit counseling and provides assistance in performing a budget analysis. The briefing must be given within 180 days **before** the bankruptcy filing. The briefing may be provided individually or in a group (including briefings conducted by telephone or on the Internet) and must be provided by a nonprofit budget and credit counseling agency approved by the United States trustee or bankruptcy administrator. The clerk of the bankruptcy court has a list that you may consult of the approved budget and credit counseling agencies. Each debtor in a joint case must complete the briefing.

In addition, after filing a bankruptcy case, an individual debtor generally must complete a financial management instructional course before he or she can receive a discharge. The clerk also has a list of approved financial management instructional courses. Each debtor in a joint case must complete the course.

2. The Four Chapters of the Bankruptcy Code Available to Individual Consumer Debtors

Chapter 7: Liquidation (\$245 filing fee, \$46 administrative fee, \$15 trustee surcharge: Total Fee \$306)

Chapter 7 is designed for debtors in financial difficulty who do not have the ability to pay their existing debts. Debtors whose debts are primarily consumer debts are subject to a "means test" designed to determine whether the case should be permitted to proceed under chapter 7. If your income is greater than the median income for your state of residence and family size, in some cases, the United States trustee (or bankruptcy administrator), the trustee, or creditors have the right to file a motion requesting that the court dismiss your case under § 707(b) of the Code. It is up to the court to decide whether the case should be dismissed.

Under chapter 7, you may claim certain of your property as exempt under governing law. A trustee may have the right to take possession of and sell the remaining property that is not exempt and use the sale proceeds to pay your creditors.

The purpose of filing a chapter 7 case is to obtain a discharge of your existing debts. If, however, you are found to have committed certain kinds of improper conduct described in the Bankruptcy Code, the court may deny your discharge and, if it does, the purpose for which you filed the bankruptcy petition will be defeated.

Even if you receive a general discharge, some particular debts are not discharged under the law. Therefore, you may still be responsible for most taxes and student loans; debts incurred to pay nondischargeable taxes; domestic support and property settlement obligations; most fines, penalties, forfeitures, and criminal restitution obligations; certain debts which are not properly listed in your bankruptcy papers; and debts for death or personal injury caused by operating a motor vehicle, vessel, or aircraft while intoxicated from alcohol or drugs. Also, if a creditor can prove that a debt arose from fraud, breach of fiduciary duty, or theft, or from a willful and malicious injury, the bankruptcy court may determine that the debt is not discharged.

Chapter 13: Repayment of All or Part of the Debts of an Individual with Regular Income (\$235 filing fee, \$46 administrative fee: Total fee \$281)

Chapter 13 is designed for individuals with regular income who would like to pay all or part of their debts in installments over

a period of time. You are only eligible for chapter 13 if your debts do not exceed certain dollar amounts set forth in the Bankruptcy Code.

Under chapter 13, you must file with the court a plan to repay your creditors all or part of the money that you owe them, using your future earnings. The period allowed by the court to repay your debts may be three years or five years, depending upon your income and other factors. The court must approve your plan before it can take effect.

After completing the payments under your plan, your debts are generally discharged except for domestic support obligations; most student loans; certain taxes; most criminal fines and restitution obligations; certain debts which are not properly listed in your bankruptcy papers; certain debts for acts that caused death or personal injury; and certain long term secured obligations.

Chapter 11: Reorganization (\$1,167 filing fee, \$46 administrative fee: Total fee \$1,213)

Chapter 11 is designed for the reorganization of a business but is also available to consumer debtors. Its provisions are quite complicated, and any decision by an individual to file a chapter 11 petition should be reviewed with an attorney.

Chapter 12: Family Farmer or Fisherman (\$200 filing fee, \$46 administrative fee: Total fee \$246)

Chapter 12 is designed to permit family farmers and fishermen to repay their debts over a period of time from future earnings and is similar to chapter 13. The eligibility requirements are restrictive, limiting its use to those whose income arises primarily from a family-owned farm or commercial fishing operation.

3. Bankruptcy Crimes and Availability of Bankruptcy Papers to Law Enforcement Officials

A person who knowingly and fraudulently conceals assets or makes a false oath or statement under penalty of perjury, either orally or in writing, in connection with a bankruptcy case is subject to a fine, imprisonment, or both. All information supplied by a debtor in connection with a bankruptcy case is subject to examination by the Attorney General acting through the Office of the United States Trustee, the Office of the United States Attorney, and other components and employees of the Department of Justice.

WARNING: Section 521(a)(1) of the Bankruptcy Code requires that you promptly file detailed information regarding your creditors, assets, liabilities, income, expenses and general financial condition. Your bankruptcy case may be dismissed if this information is not filed with the court within the time deadlines set by the Bankruptcy Code, the Bankruptcy Rules, and the local rules of the court. The documents and the deadlines for filing them are listed on Form B200, which is posted at http://www.uscourts.gov/bkforms/bankruptcy_forms.html#procedure.
